Report of Special Agent CHARLES E. PELLETIER, dated
October 27, 1949 at Boston, Mass.
Bureau letter to Boston dated November 14, 1949.

Details: BANK ACCOUNTS

The records of the [REDACTED] reflect [REDACTED] indicated b7D
[REDACTED] subject's husband [REDACTED] the husband resided at 94 Lake View Avenue, Cambridge, Massachusetts, and that his wife's name is KRISTEL F. They formerly resided at 144 Lake View Avenue, Cambridge, Massachusetts, for over five years, and prior to that, resided at 55 Carver Road, Watertown, Massachusetts; 1690 Cambridge Street, Cambridge, and 5333 Everett Avenue, Chicago, Illinois. His occupation is said to be with G. B. HEINEMAN COMPANY of Chicago, Illinois, as Manager, for one year.

During the war years, he was employed with the GENERAL ELECTRIC COMPANY and was a student at Harvard Graduate School and is said to have a comfortable income from his parents. His bank account is shown as the Harvard Trust Company where he maintains a low three-figure balance as of November, 1947. The premises in which they reside are assessed to them for \$11,500.

[REDACTED] Subject's husband had a good [REDACTED] personal reputation, and that he had an account at the Clarendon Interiors, Inc. in May of 1947, and one at the Fresh Pond Market as of July, 1947. He also has an attorney's account at Stearns, as of December, 1948. b7D

[REDACTED] Subject KRISTEL HEINEMAN, dated November 20, 1947, showed no additional information except that at that time, her husband was not employed, [REDACTED] [REDACTED] that he was going to work in some store in Cambridge, Massachusetts. There was nothing [REDACTED] indicating the receipt of any relatives from Germany. [REDACTED] mentioned in referenced report dated October 27, 1949 has since been destroyed.

b7D

At the Harvard Trust Company, Harvard Square, Cambridge, Massachusetts, Confidential Informant T-3, of known reliability, advised that ROBERT B. NEINEMAN and his wife, KRISTEL HEINEMAN, opened a student joint checking account on September 28, 1939, with a deposit of \$298. At the time, their residence was 1698 Cambridge Street, Cambridge, and effective June 30, 1941, their address was changed to 94 Lake View Avenue, Cambridge, Massachusetts. This account was closed on March 22, 1949.

ROBERT B. HEINEMAN hired a safety deposit box on November 2, 1946 and the box is still active. The records of the bank were checked for any foreign remittances received by Subject or her husband and none was located. A record was located indicating that on April 30, 1946, Subject's account was credited with \$18,600. This was a telegraphic money order received from the First National Bank of Boston, and in turn originated at the First National Bank of Chicago.

The bank ledger cards and the face of all checks received at this bank are normally photographed through the medium of the Recordak machine. However, the films are stored in a warehouse and informant advised that it would be rather difficult to obtain them. However, they can be obtained if absolutely necessary.

Confidential Informant also advised that ROBERT B. HEINEMAN opened a checking account under the name of the Huron Self Service store, 146 Huron Avenue, Cambridge, Massachusetts, on September 27, 1947, with a deposit of \$8,000. This is a launderette and Subject's husband listed himself as the sole proprietor. A medium three-figure balance is maintained in this account.

At the Assessor's Office, City of Cambridge, Massachusetts, it was ascertained that the premises at 94 Lake View Avenue, Cambridge, Massachusetts, are assessed to ROBERT B. and KRISTEL F. HEINEMAN. The premises consist of 15,3000 square feet of land, assessed for \$7,300, house assessed at \$4,100 and a garage at \$100, making a total of \$11,500, the 1949 tax being \$457.70.

EMPLOYMENT

An examination of the current telephone directories and the directories of the City of Boston failed to disclose any local office for the American Field Service. It should be noted that in 1944, Subject's husband applied for ^{an} overseas ambulance driver's job.

At the American Red Cross, 17 Gloucester Street, Boston, Massachusetts, it was ascertained from the office of the Executive Secretary that the American Field Service maintains no Boston office, and that the Headquarters is now located at New York City.

At the GENERAL ELECTRIC COMPANY, West Lynn, Massachusetts, River Works Plant, Special Agent CLEMENT A. O'BRIEN contacted Confidential Informant T-1, of known reliability, who examined the personnel record and advised that ROBERT B. HEINEMAN, while employed by the company, took a five-day vacation, starting May 14, 1944. However, there was no information contained in the file indicating that he travelled during this vacation. There was no photograph of him in the file.

At the office of the City Clerk, City of Cambridge, Cambridge, Massachusetts, it was ascertained that a business certificate was filed on September 23, 1947, under Provision 110, General Laws. It was recorded in Volume 26, page 51. The name of the business was the Huron Self Service Store, 146 Huron Avenue, Cambridge, Massachusetts. The owner was listed as G. B. HEINEMAN, 320 South Plymouth Court, Chicago, Illinois. It should be noted that this individual is the Father of Subject's husband.

MARRIAGE

At the Office of the Registrar of Births, City Hall Annex, Boston, Massachusetts, it was ascertained that record 4,841, indicated that ROBERT B. HEINEMAN and KRISTEL FUCHS were married at Boston, Massachusetts, on November 2, 1938. The groom was described as being twenty-one years of age, first marriage, residence Chicago, Illinois, occupation student, born at Wausau, Wisconsin, the son of GABRIEL B. HEINEMAN and ALMA BLOCK.

The application disclosed the following information concerning the bride: twenty-four years of age, first marriage, residence New York, New York, occupation not shown, born in Germany, the daughter of EMIL FUCHS and ELISABETH WAGNER.

EDUCATION

At Boston University, Commonwealth Avenue, Boston, Massachusetts, [redacted] checked the University records and failed to locate any record of Subject's husband teaching at Boston University in 1945. b7D

At Boston University, School of Education, 84 Exeter Street, Boston, Massachusetts, [redacted] examined the records and advised that ROBERT B. HEINEMAN was a student in the course entitled "Teaching Literature in High School" during 1945-1946. The record failed to indicate that he ever taught at the School of Education, and there was no additional information in the file. b7D

At Northeastern University, Huntington Avenue, Boston, Massachusetts, [REDACTED] School of Business, Evening Division, advised that ROBERT B. HEINEMAN enrolled in the Engineering, Science, and Management War Training Course, known as "ESMTT" during February, 1943. He started on January 18, 1943 and the course was terminated March 27, 1943. This was merely a forty-hour course, and there was no additional pertinent information in the file. b7P

At the Harvard Graduate School of Arts & Sciences, 24 Quincy Street, Cambridge, Massachusetts, [REDACTED] examined the file on ROBERT D. HEINEMAN, and it was noted that the file contained a specimen of his handwriting, consisting of a letter written in ink. There was also a passport photograph of him as of 1938. There was no information contained in the file concerning his trip to Mexico City in February, 1947. There was no additional information in the file. b7D

At the Appointment Office of the Graduate School of Arts & Sciences, it was ascertained that Subject's husband filed an application during March, 1941. In the application, he listed foreign travel during the summer of 1937 in England, Italy, and France, for a period of three months. However, he did not list Russia. The file also contains specimens of his handwriting.

At the Harvard University School of Education, Lawrence Hall, Cambridge, Massachusetts, [REDACTED] examined the file on ROBERT B. HEINEMAN, which indicated that he is presently a student. He enrolled during September, 1949, and the term ends in February, 1950. He is a candidate for Master of Arts in teaching. He attends the evening classes which start at 4:00 P.M. b7D

The record indicated that after leaving the employ of the Antrim, New Hampshire, High School, he submitted an application to the Placement Office in 1946. The record indicated that he was a student at the School of Education during the summer of 1946 and from December, 1946, to December, 1947, he was a substitute teacher at the Melrose High School. The record indicated that he was a member of the United Nations Association and the record failed to contain no foreign travel except that previously mentioned in 1937. There was a photograph of him on file as of 1946.

[REDACTED] recalled him and stated that he is presently operating a launderette, the location of which she did not know. b7Q

NEIGHBORHOOD

It was ascertained by visual observation that Subject's residence at 94 Lake View Avenue, Cambridge, Massachusetts, is a one-family house located in a moderate residential district, not too far from Harvard College and within a mile of his present place of employment on Huron Avenue, Cambridge, Massachusetts.

[REDACTED] b7E the writer rang the Subject's doorbell several times, and no one answered the bell. There was observed on the floor of the vestibule a National Geography magazine addressed to STEPHEN and HAROLD HEINEMAN. There was also an official letter from the Navy Department in the mail box; however, the addressee was not ascertained.

At the Office of the City Clerk, City Hall, Cambridge, Massachusetts, the directories for the City of Cambridge were examined. The latest directory issued in 1948 listed Subject and husband as residing at 94 Lake View Avenue. The 1944 Directory lists them as residing at 144 Lake View Avenue. They were not listed in the 1941 Directory.

At the Assessors Office, City Hall, the Poll Lists were examined which are issued annually in January. The 1947 Poll List listed Subject and her husband as residing at 94 Lake View Avenue, and that as of January 1, 1946, they resided at 144 Lake View Avenue. Subject's Husband's occupation was listed as a historian. Subject and her husband were listed in the 1943, 1944, 1945, and 1946 Poll Lists as residing at 144 Lake View Avenue, Cambridge, Massachusetts.

NATURALIZATION OF SUBJECT

At the Election Commission, Central Square, Cambridge, Massachusetts, [REDACTED] examined the records of that office and Subject is not registered as a voter. This information was obtained from the January, 1949, Police Listing. b7D

MISCELLANEOUS

Reference Bureau letter of November 14, 1949 indicated that Subject apparently was in the Westboro State Hospital, Westboro, Massachusetts, as of October, 1949, and may have been in the hospital for sometime prior to that date. This information was obtained from Confidential Informant T-2 of known reliability.

It should be noted that Subject's Alien Enemy Registration folder indicated that she had a brother GERHARD FUCHS in a sanitorium in Zurich, Switzerland.

On the afternoon of February 2, 1950, Mr. H. B. RE: EWIL JULIUS KLAUS FUCHS
ESPIONAGE - R

At 11:30 am today, I called Mr. Leo Laughlin at the Bureau to advise him that the New York newspapers were carrying the story of the arrest of FUCHS on the front page in headlines; also that the headlines were reflecting that the FBI furnished the information to the British which lead to the arrest. I advised Mr. Laughlin that we had had a call from the press for photographs of the subject. He requested that I check with Assistant Director Nichols on this.

Mr. Nichols advised that the Bureau had released photographs of FUCHS. I advised him that we have the same photograph apparently here in New York; that it is one taken at Los Alamos with a bar across the chest with the number K 22. Mr. Nichols advised we could release this picture here also after we had removed the bar and the number.

Mr. Laughlin advised that the relatives of FUCHS in Boston were interviewed last night but he does not have the results as yet.

Reference is made to the memorandum of SA McCarrills dated February 9, 1950 in this matter.

At 4:00 pm I called Mr. H. B. Fletcher of the Bureau to advise him that SA John R. Murphy and another agent had interviewed Mr. SAMUEL GOUDSMIT concerning the story related to him by Dr. KARL COHEN. Mr. GOUDSMIT confirmed the information previously furnished to us through [REDACTED] of CIA. Mr. GOUDSMIT advised that COHEN, with whom he is quite friendly, had informed him that in 1947, when FUCHS was in New York City, FUCHS called him for a luncheon engagement. This surprised COHEN somewhat as he did not feel he was on close terms with FUCHS; however, he went to lunch with FUCHS. After the luncheon engagement, COHEN was telephonically contacted by FUCHS who apparently was out of town and was advised that FUCHS had left his hat at the restaurant where they had lunch. FUCHS had called his acquaintances with whom he was staying on 111th Street, but they were reluctant to go to the restaurant to pick up the hat which FUCHS had borrowed from these acquaintances. FUCHS requested COHEN to go to the restaurant and get the hat and deliver it up to these acquaintances on 111th Street. COHEN did this. COHEN cannot remember the exact address on 111th Street, but told GOUDSMIT he could pick out the house.

After the FUCHS story came out in the papers, COHEN became somewhat worried that he had been used as an intermediary by FUCHS in the delivery of this hat to his acquaintances on 111th Street. COHEN indicated to GOUDSMIT that he wanted to furnish this information to appropriate authorities. GOUDSMIT advised that COHEN would be glad to furnish the information to FBI agents. GOUDSMIT recommended that the agents contact COHEN at his home rather than where he works.

ESPIONAGE - R

This afternoon, Mr. H. B. Fletcher of the Bureau advised that the Director had informed him that there is "something new" in this case which he had seen in a New York newspaper today which article contained 13 paragraphs. Mr. Fletcher asked if we could locate this newspaper. I advised him that all the New York papers today carried articles considerably longer than 13 paragraphs but that I would check further to see if the article he had in mind could be located.

INFORMATION FURNISHED BY KRISTEL KLAUS HELZMAN

On the afternoon of February 11, 1950, Mr. H. B. FLETCHER of the Bureau advised that Boston Agents, during interviews with the sister of Dr. FUCHS and her husband, have come up with the following information:

In February 1949, an unknown man came to their home on three occasions, attempting to contact Dr. FUCHS. On one of these occasions he did see Dr. FUCHS. The sister and her husband gave the following description of this unknown individual:

| | |
|-----------|---|
| Height: | 5' 8" |
| Hair: | Dark, receding hairline, impression of baldness |
| Features: | Fine |
| Face: | Full |
| Build: | Stocky |
| Dress: | Conservative, wore glasses |
| Manner: | Unobtrusive |
| Age: | In the 30's according to the husband; in the 40's according to Dr. FUCHS' sister. |

As they recalled it, the first three letters of the name of the unknown individual were R O B. The husband thought the name was ROBBINS or possibly ROBERTS or ROBINSON.

During his conversation with them, the unknown individual mentioned the City of Philadelphia, and commented on the amount of snow in Buffalo. He played with the children and handled them well, showing familiarity with children. Dr. FUCHS' sister believes that the unknown individual had two children less than four years of age. They recall that he mentioned his wife. He gave them a book entitled "Mrs. Palmer's Honey". Boston Agents have secured this book but it does not appear to be of value.

Mr. T. Avery of Immigration, called at 11:55 A.M. today and advised that MAURICE WALKIN, who is presently working for IIB, had received a call from LARRY KELLEY who advised him that the "Journal American" is presently working on a story in connection with the FUCHS case as follows:

"A girl, a senior at Columbia, whose father is a merchant marine captain, introduced her to a Finn believed to be a Communist. The Finn took her to Greenwich Village to visit a Russian professor who has been in the U.S. eight or nine months and who is married to an Egyptian. A couple of weeks ago while she was there TUCHS called the unidentified professor from London. They had a conversation and then the professor told TUCHS to call him back later. TUCHS said he couldn't because they were after him because of his father."

HERNEY said the "Journal American" had made some checks of long distance telephone calls and found some corroborations.

According to Mr. Avery, it appeared that the "Journal American" was trying to locate the girl and interview her concerning this matter.

MEMORANDUM

While at Governors Island shortly before noon today, ^{today, no unit} the following came over their news ticker:

"The Soviet Union is telling its citizens that the FBI is the center of a police terror organization. Such charges began February 7th or shortly after the arrest of Dr. Klaus E. J. Fuchs, British physicist, by Scotland Yard, which had been tipped by the FBI that he had fed atomic information to the Russians. It followed by 19 days a charge by Clifford J. Durkee, President of the National Lawyers Guild, that the FBI is a political police. Foreign broadcast information service monitored a Soviet home service talk February 7th in which a commentator called "Anadin" referred to the FBI as center of a police terror organization in this country. He told his listeners the FBI has been turned into an organization for intimidating the man in the street by means of all forms of violence, blackmail, terror and other police measures."

MEMORANDUM

February 15, 1950

To : Mr. T. Avery, Assistant Chief, Investigations Section,
New York, New York

From : John T. Seeley, Investigator

Subject: DR. FUCHS

Kf
Pursuant to your instructions, the undersigned interviewed Larry Curley, reporter for the New York "Journal American" located at 220 South Street, New York City on February 14, 1950. Mr. Curley stated that on February 4, 1950, "Rod" Moran, night editor of the paper, was on duty at the City Look and received a telephone call from a woman who refused to give her name, but who stated that her father was a Captain in the merchant marine and through him, she had been introduced to a Finnish seaman, with whom she had "dated" occasionally.

Shortly before Dr. Fuchs' arrest in London, in the company of this seaman, she visited a person whom she described as a "Russian professor" with a "beautiful Egyptian wife" who resided in an apartment in the vicinity of 14th Street, in New York City. She was unable to recall the name of the professor but stated that she believed he had been in the United States for only about eight months.

Upon entering the apartment, she was introduced to five or six other people present, whose names were unknown to Curley, and then noticed that a message had been left on the telephone table in the apartment, advising the professor that a trans-Atlantic telephone call had been put in to his number from London.

Sometime later the call came in and from the conversation that she overheard, she was certain that the call came from Dr. Fuchs in London. The professor told Fuchs that he could not talk to him at that time because he had guests present. The woman told Mr. Moran that from the short conversation between the professor and Dr. Fuchs, she received the impression that the professor was a superior to Dr. Fuchs.

Although urged by Mr. Moran to do so, she refused to identify herself further, other than to say that she was a student at Columbia University and that as an American citizen, she felt it her duty to report the matter to someone who could follow it up. Mr. Moran gave her both his name and that of the man who relieved him (Mr. Curley believed his name to be Crowley) and asked her to call again to discuss the subject further.

65-15136-137
FBI - NEW YORK
FEB 17 1950
J. T. Murphy

To : Mr. T. Avery

On Sunday, February 5, 1950, she again called Mr. Moran and he assured her that if she would meet a representative of the paper, no attempt would be made to ascertain her identity and with this assurance she said that she would think it over and call again.

On Monday, February 6, 1950, she called the paper and talked to Mr. Crowley (?) and told him that she thought she could find the apartment if she were taken to the general vicinity. She told Mr. Crowley(?) that she would again call the following day, February 7, and arrange a meeting place.

No call was received on February 7, and nothing further was done until Saturday, February 11, 1950, when at the request of Mr. Curley, a "box advertisement" was placed in the paper requesting her to call again. That afternoon, Mr. Schoenstein, also an editor of the paper, received a call from her and then she stated that her father had told her to avoid getting mixed up in such a case, inasmuch as it might interfere with her studies at Columbia and her graduation, which she inferred, was to be in the near future. Nothing further was heard from her. Mr. Curley stated that he spoke to all of those who received the telephone calls and that they were all of the opinion that the person calling was definitely not a "crackpot".

Mr. Curley also informed the undersigned that several months ago, a call was received from a man, who stated that he was employed in an apartment house on the upper west side and would be willing to furnish the paper with a story concerning "Dr. Yuchs' girl friend", providing he was paid \$300.00 inasmuch as he was certain to lose his job once the details of the story became known. While the person who received the call endeavored to obtain authority to pay the amount, the caller hung up and nothing further was heard from him. It will be noted that the call was made several months before Dr. Yuchs' arrest.

Mr. Curley asked the undersigned to endeavor to search the records of this office to see if any trace of the aforementioned Russian professor could be found and he promised that if any further information was received by him, he would transmit it to this office immediately.

In the opinion of the undersigned, more detailed information concerning the matter can be obtained from the individuals named in this report who actually received these telephone calls.

Special Agent PATRICK H. CORRONS of this office has pointed out that Chapter 10 of the Smyth Report is entitled, "The Separation of the Uranium Isotopes by Gaseous Diffusion." This chapter has been reviewed in Boston. It is noted that it is at page 125 of the Superintendent of Documents Issue of the Smyth Report dated August, 1945.

The New York City report dated February 9, 1950, of Special Agent JOHN R. Among the Keller representatives was "H. BENEDICT." The latter person is believed to be likely identical with EDWARD BENEDICT, subject of a 65-15736-17 AEA-A investigation initiated on Rulet to Newark dated 1/23/50, NEW YORK, FEB 17 1950.

The Bufile number on the letter matter is 5110-7102.

The Boston report of SA FREDERICK W. GORDON, dated May 20, 1947, reflects that ERNST BENEDICT was acquainted with ISADOR ANDUR. In this respect the Bureau's attention is particularly directed to Boston letter to Bureau dated September 25, 1948, and entitled, "ISADOR ANDUR, was. - INTERNAL SECURITY - R, Ref. 5 I.S." This letter reflects that ANDUR was acquainted with NORMAN WILLIAMS, Canadian Scientist named by GOUZENKO as a part of the Soviet Espionage System in Canada.

(b)(1)

The Bureau's attention is further directed to its file on ERNST BENEDICT's brother, "WILLIAM SIDNEY BENEDICT, was., Physicist, Commerce - LSE." The Boston Division submitted a report on July 12, 1948, by SA BRENTON S. GORDON on the latter case. It reflects that WILLIAM SIDNEY BENEDICT was acquainted with VANDERLL HIRSHLE FURRY, a brother-in-law to ISRAEL HALPERIN. Thumbnail sketches of both FURRY and HALPERIN are contained at pages 50, 51 and 52 of the above mentioned report of SA GORDON in the HALPERIN case.

(b)(1)

ROBERT REILLY, since the submission of SA GORDON's report concerning him, has admitted to GORDON that he belonged for many years to a Cambridge, Mass., branch of the Communist Party in which both Mrs. ANDUR and Mrs. FURRY were members. He has attended meetings at the

homes of both. He is of the opinion, however, that Mrs. AYDUR has not been an active member for several years and he, himself, claims to have been inactive in the past two or three years. He notes further that he never actually knew JEFFERSON FURRY and ISADOR AYDUR as Communist Party members. They would absent themselves from their homes when meetings were held therein. He has a personal opinion that they were probably members predicated upon their wives' admission of membership, in their respective presence, and further their whole course of conduct as such as to demonstrate no hostility to the Communist Party, USA.

The foregoing would indicate that an associate of JEWEDICT would be, or could be, at least passingly familiar with the circumstances in the HENRYMAN home and with the Party situation and intellectual circles in Cambridge, Mass.

Bewark has been furnished with a copy of this letter because MARY KENEDY resided as of 1947 at 465 Topping Hill Road, Westfield, New Jersey. Bewark is requested to furnish a copy of a photograph of MARY KENEDY, if it has such in its possession.

It is further suggested that the New York Division might well find it profitable to review the above cited certification of the Smyth Report if it has not already done so inasmuch as it traces the beginnings and development of the process of thermal diffusion at Columbia, Keller, etc.

JOHNPOLE declared the Chief Steward, a Portuguese Hawaiian, and the radio operator of the ship were Communists. He could not identify them by name or description.

The man from the "SS MARY LUCKENBACH" he identified as one "SCOTTY", who had been a seaman (engineer) for about ten years previously. Though he said he had known "SCOTTY" since about 1932, he was unable to give his name. According to him, the "MARY LUCKENBACH" blew up and "SCOTTY" was killed on July 3, 1943.

JOHNPOLE furnished additional personal information about himself to the effect that he was still unemployed. When interviewed he was about to go to Boston to look for a position in newspaper work. He said he also expected to contact Tufts College, where he had hopes of a theological scholarship or fellowship. He said that his family name originally was JANPOLSKY, which was shortened to JOHNPOLE. He added that he has a brother, ALEXANDER, who is an aide at the United States Legation in Belgrade, Yugoslavia.

JOHNPOLE promised to advise this office if he should succeed in locating the copy of the letter to HARRY HOPKINS, or the telephone number of ROBERTS. The Bureau will be advised if either of these are received.

Copy of this letter is designated to the case entitled "UNKNOWN SUBJECT

EDITIONAGE (R)

65-15136

ReNYtel February 20, last, requesting that LOUIS R. KORN, formerly residing in Apartment 28, 128 West 77 Street, from June to December, 1944 be interviewed regarding any information concerning KLAUS FUCHS.

LOUIS R. KORN, 687 Boylston Street, Boston, Massachusetts, was interviewed on February 28, 1950 regarding any knowledge he might have concerning KLAUS FUCHS.

KORN advised he had resided at 128 West 77 Street, from June to December, 1944, along with his wife, in Apartment 28 at this address. KORN had no information concerning FUCHS and was unable to identify a photograph of FUCHS other than to say he had seen the same photograph appearing in the public press but he had been able at no time to associate the photograph with any person he had seen before.

Mrs. LOUIS R. KORN, 687 Boylston Street, Boston, Massachusetts, stated she was associated in business with her husband and had resided with him at 128 West 77 Street, from June to December, 1944. Mrs. KORN had no information concerning KLAUS FUCHS and was unable to recognize a photograph of FUCHS.

Mrs. KORN said that she did recall that sometime in the late summer or early fall of 1944 an unidentified man had knocked at her door one morning, requesting to be directed to the apartment of one of the occupants at 128 West 77 Street, New York City, whose name Mrs. KORN could not recall. According to Mrs. KORN, this unidentified man who appeared at her apartment door had the following descriptions:

| | |
|--------|--------------------------------------|
| Age | 45 to 50 |
| Height | 5'6" or 5'7" |
| Weight | 155 $\frac{1}{2}$ |
| Build | Stocky |
| Race | White |
| Hair | Blond, turning gray |
| Sex | Male |
| Face | Square and muscular |
| Nose | Square |
| Voice | Husky |
| Dress | Wearing dark heavy black shabby coat |

With respect to the above described man, Mrs. KORN said that she could not be certain, but it was her recollection, that this man was carrying a package.

This package was described by Mrs. KORN as "looking like a pair of shoes covered with manila wrapping, in a flattened condition. Mrs. KORN said that this unidentified man impressed her as "possibly being a truck driver or delivery man." Mrs. KORN said this man spent probably "no more than 30 seconds at my door."

Photographs which have been furnished to the Boston Office by other offices in connection with this case, which have already been shown to ROBERT and KRISTEL HEINEAN, brother-in-law and sister respectively of KLAUS FUCHS, were displayed to Mrs. LOUIS R. KORN and she was unable to effect an identification of any of these photographs.

In connection with these photographs, however, Mrs. KORN pointed out that the photographs of HANS A. RETTIG, MARY GRUNDFEST and EUGENE FRANKLIN COLEMAN bore some of the characteristics of the unidentified man who had come to Mrs. KORN's door, seeking the location of some unidentified person at 128 West 77 Street, New York City. Mrs. KORN stated that the unidentified visitor had a face somewhat similar in shape to that of MARY GRUNDFEST in that the unidentified man had some of the "same strong muscular lines." Mrs. KORN added that the unidentified visitor did not appear to be as dark complexioned as MARY GRUNDFEST and was similar in complexion to HANS RETTIG.

With respect to the photograph of EUGENE FRANKLIN COLEMAN, Mrs. KORN stated that the unidentified visitor who appeared at her door had the same general square face as Coleman's photograph.

It is noted again, however, that she did not effect an identification of any of these photographs.

It is noted again that neither KORN was able to identify FUCHS; that neither KORN has any semblance of a recollection that the unidentified visitor who sought some other tenant in that dwelling was seeking FUCHS. In view of the apparent remoteness of the KORN recollections at the instant inquiry, the foregoing information is furnished New York only so that it may evaluate the above data in the light of its other inquiry at the pertinent address.

In the event that the New York Division finds there is some information of value in the foregoing, it is suggested that additional photographs be forwarded Boston for exhibition to the KORN who appeared to be at once cooperative and discreet. In the absence of further instructions from New York, Boston will not pursue this line of inquiry further.

Mr. and Mrs. LOUIS R. KORN advised that in their opinions an elderly couple who had resided in a front apartment on the second floor at 128 West 77 Street in 1944 would "probably be the best source of information" regarding the

other occupants of the building at 128 West 77 Street. The KORNIS said they made this observation due to the fact that it was their belief that this couple spent a great deal of time during the working day at 128 West 77 Street. The KORNIS did not know the name of this couple.
